RE: Reiner Road to be Closed July 10th & 11th for Infrastructure

Reiner Road will be **CLOSED** from O'Keeffe Avenue to Nelson Road on **July 10th and 11th** to install a storm sewer and a water main crossing as part of the reconstruction project.

The plan, weather permitting, is to install both culverts and water main on the 10th, and re-open the road in gravel overnight. The contractor would re-close on the 11th to place asphalt pavement and re-open at the end of the work day.

As the detour plan shows, advanced warning message boards will be placed on each end of the project to provide advanced warning up to 7 days prior to closure.

All adjacent businesses and homeowners will be notified and this information will be posted on City's website and social media sites.

If you have any questions please don't hesitate to contact engineering staff with any questions.

Thank you,
