Statements of Owners and Designer

a) OWNERS Statement. The owner indicated this application requests that plans be reviewed for compliance with the code requirements set forth in Chapters SPS 361 to 365 of the department. The owner recognizes responsibility for compliance with all the code requirements and any conditions of approval. If a building is 50,000 cubic feet in total volume or greater, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer or architect [SPS 361.31]. Signatures and seals affixed to the plans shall be original.

b) DESIGNERS Statement. (SPS 361.20, 361.31 (1), and 361.50) The designer indicated on this application is responsible for preparing or supervising the preparation of the plans to the best of his/her knowledge to comply with the applicable codes of the Division of Safety & Buildings for this submittal. If a building, following construction of this project, contains more than 50,000 cubic feet in volume, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer, architect, or designer {SPS 361.31(1)}. Signatures and seals affixed to the plans shall be original.

Required Signatures

SUPERVISING PROFESSIONALS If building will be 50,000 cu ft or greater (SPS 361.40) I have been retained by the owner as the supervising professional per SPS 361.40 for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the Department and municipality certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. In the event that I am no longer associated with this project I will file a compliance statement (SBD-9720) notifying the Department as such and indicating the current status of compliance.

Signature _____ Print _____

_____ Building HVAC Date _____

_____ Building HVAC Date _____

NOTE: Building Supervising Professional is also responsible for supervision of the Lighting & Fire Suppression / Alarm Installation (If Applicable)

COMPONENT SUBMITTAL The Department requires that the project designer review individual component submittals for compliance with the general design concept. The project designer, and department, will rely on the seal of the component designers for compliance with the codes as they apply to their designs.

Original Signature of Building Designer _____ Date Signed _____ Name of Component Fabricator _____

Optional Service-Permission to start requested – (Be sure to check box under Building Submittal Type on front page)
As the owner, I request to begin footing and foundation work PRIOR to plan review approval. I agree to make any changes required after plans have been reviewed, and to remove or replace any non-code complying construction. I will not permit construction above the foundation until approved plans are at the site.

(Additional \$240.00 Fee per building) Request is for the following buildings: _____
