

Have a time sensitive project?

In less than 14 months, the Kollege-Town Riddell project went from an actively farmed site to opening its doors for business. The process included land acquisition, annexation, land division, zoning, TIF creation, development agreement, design and construction of public infrastructure, negotiation of a financial assistance package and building construction.

The question you should be asking is...

Can your team keep up with us?

Neil Stechschulte, Director of Economic Development
Taylor Brown, Economic Development Specialist
